

# Bloodlust Undead Trance

Atrocity

I remember the night  
Sitting in the dark  
The battle was won  
But lost my love

I left the light side  
Chosen the dark  
Sworn another solemn  
At full moon bark

Walking through the centuries  
A pathless path  
Symphonic bloodlust  
On this funeral march

My innerself  
Is drifting in a red sea  
Bizarre and sweet  
B.L.U.T.!!!

B.L.U.T. - You are my beauty

Bloodlust, undead trance  
Bloodlust, undead trance

"StapEn de obscuritate,  
Fantoma nocturna  
Dragostea Enseamna viata vesnica,  
Care o obtinem numai prin moarte"

Awaiting the next vein  
Haemophilia  
Possessed by essential desire  
Damned and addicted to survive  
This form of life

I'm searching for her  
The love I lost  
I'm searching for her  
Taking away the frost

But too many years are gone  
My mind like ice  
B.L.U.T. ...  
You are my beauty

B.L.U.T. - You are my beauty
