

## Fatal Step

Atrocity

I meet a girl - she seems ok  
She wants to show me all her friends

But what I can see - I known before  
Their red eyes - the same as my Ma's!

The invite me to drink and to take some pills  
"You should smoke a pot of hash, too!"  
I try to refuse but I wanna integrate  
"Don't be a coward - just become our friend!"

"YOU!"  
"Just become our friend!"  
"TRY!"  
"Then you feel like us!"  
"TO BE!"  
"Without any sorrows!"  
"FREE!"  
"Without any restraint!"

I want to know these miracle drugs  
I want to taste the feelings of them

Beautiful things - in her mind  
Thousands of colors - wonderful sounds

Give me some more!

This is your first step to your death!
