

# Goddess In Black

Atrocity

All that night  
This feeling, that pleasure  
Stealing my soul  
All I found was lust  
Deification  
A bizarre romance of caressing  
Deleterious love  
You are  
Denturing into a world of frustration  
Living on the edge of damnation  
Living in the circle within the bats  
And fading meanwhile  
On and on and on  
This headiness  
Caused by deadness  
Raping my mind  
Not heaven-born magic  
Dehumanized  
A fogged world of lying dreams  
Blandishment  
Oh, I know my destiny  
I pay the price  
The voice comes from the heart  
Cut off the soul  
Moving to another place  
Earning the wages, you are  
Denturing into a world of frustration  
Living on the edge of damnation  
Laying in the circle within the bats  
And fading meanwhile on and on and on  
Goddess in black  
You're feeling her might  
Between your legs  
Awaiting temptress  
Beyond all reason  
Your mind is running free  
In the night of damnation  
Enchanted, blinded can't you see  
The witchcraft of a beauty beast  
Creeping, crawling in the head  
Snake - hissing on your neck  
Sneaking fiend from the back  
Fiery love - scene at its height  
Black temptation in a murky night  
Goddess in black  
Beyond all reason  
Goddess in black  
Weird obsession  
Lucifugous and bad  
Chiroptera  
Goddess In Black  
Coming under her influence  
Strange maiden dressed in black  
Grotesque flames of fire  
Kept my soul soothfast soul  
Howsoever this night will be ended  
I have to ask the question

Where are the guardian angels  
Followed all my life?  
All that night  
This feeling, that pleasure  
Craving for more  
Squirming lustfully  
Degeneration  
Abstract, abyss fantasies  
Deleterious love  
You are  
Denturing into a world of frustration  
Living on the edge of damnation  
Laying in the circle within the bat and fading meanwhile on and on and  
On  
Goddess in black  
Beyond all reason  
Goddess in black  
Weird obsession  
Accord with the devil's pact  
Delivered to the
