

We Are Degeneration

Atrocity

Degenerate!

We are degeneration

Your downfall is our aim
we suck your brain
we bring you pain
we are desperation
leading your son to slaughter
common grave diggers
mass-murderers, fellow travellers
a selfdestructive point of view
we drink your blood
we eat your heart

We are degeneration

We are transfiguration
this planet won't survive
decadent morality
malicious insanity, beneath dignity
a selfdestructive point of view
we suck your brain
we bring you pain

We are degeneration
