Show me the warning  
Show me everything I need to know  
Show me the warning  
I haven't tried this before

Gotta get away  
Gotta get away  
Oh, I'm tripping  
Just one more time  
And I know it's for real

This is my vengeance  
And I know this time I will win  
Don't you try and disappoint  
The maker and the creator
