

## Secondhand Traumas

Atrox

Got me some secondhand traumas  
They transformed mind into flesh  
And lead to the untimely death of the child inside

Fall asunder... now!  
And bleed like me, see it's easy  
Don't want to be the only one to feel this way

They say when a wound is deep  
It hurts the most when it heals  
Growing inwards in the quick

Don't want to build a womb around me  
Don't want to drown in amniotic fluid  
Don't want you to say what I want to hear

Can't you see or feel at all?  
Must we turn to such drastic measures?  
Is suicide attempt the only cry for help you can hear?

A hand on a shoulder that writhes away  
The mnemonics of this play is way to strong  
Don't want your help but I want to heal

Cross my heart I hope you die  
As you go boohoo

No hate no more  
No more bitterness no more  
Nothing matters anymore  
I'm not in pain no more
