

## Wave

Atrox

Waves wander the sea  
Millenium mirrors reflect  
Disappearing without a trace

When time was restrained to descent  
The ocean disappeared  
and vast deserts  
They were revealed  
We sank into the desert  
The Dreamking and I.....

I Died.... I Died....

And we became one  
I left my mortal coil  
there in the desert  
As we sank desert

We were reborn.....  
We wander the sea  
All but one  
All but one  
All but one
