

Now That I'm Dying

Attack In Black

It's so hard to find out
Cause I'm so far behind them
I wish I was a lion
Now that I'm dying

Why's it such a mystery
Is this how it's supposed to be
No one comes too close to me
Now that I'm dying
Now that I'm dying

I wish my legs would work again
I'd run as fast as I can
Never to come back again
But Now I'm dying
Now I'm dying

Where will darkness take me
And will it take me safely
And who will be there waiting
Now that I'm dying
Now that I'm dying
Now that I'm dying
Now that I'm dying
