

# Brainshake

Attacker

You made it all so wrong  
When all the time it was right

Accuse, abuse, brain shake!  
Who'll lose, we do, brain shake!

You ate my world broken heart  
We're now a world apart

Accuse, abuse brain shake!  
Who'll lose, we do brain shake!  
Combust, no trust, brain shake!  
We try, then die, brain shake!

Trapped within my rage  
Lights out my mental cage  
A deadly bribe, cerebral bribe  
Cannot, will not describe

Accuse, abuse, brain shake!  
Who'll lose, we do brain shake!  
Combust, no trust, brain shake!  
We try, then die, brain shake!

Trapped within my rage  
Lights out my mental cage  
A deadly bribe, cerebral bribe  
Cannot, will not describe

Accuse, abuse, brain shake!  
Who'll lose, we do brain shake!  
Combust, no trust, brain shake!  
We try, then die, brain shake!
