Attila

Tell it to somebody who is listening  
I don't give a fuck  
I'm ignoring you bitches  
Everything you say is just a waste of breath  
No one's listening  
We're ignoring you bitches

Tell it to somebody who is listening  
I don't give a fuck  
I'm ignoring you bitches  
Everything you say is just a waste of breath  
No one's listening  
We're ignoring you bitch

I feel like I'm going 90 down the highway  
But naked in a pickup smoking meth during a stickup like a high-speed chase  
I just wanna drink beer and smoke weed with my friends and see tits.  
Under the sweltering sun of the dirty dirty south  
On and on and again every day the fun never ends we don't care about possessions  
We just wanna drink beer

Tell it to somebody who is listening  
I don't give a fuck  
I'm ignoring you bitches  
Everything you say is just a waste of breath  
No one's listening  
We're ignoring you bitches

Tell it to somebody who is listening  
I don't give a fuck  
I'm ignoring you bitches  
Everything you say is just a waste of breath  
No one's listening  
We're ignoring you bitch

This is the dirty dirty, where the fun never ends  
So bring some booze and your friends  
We'll do it over again, again  
Hell yeah

This is the dirty dirty, where the fun never ends  
So bring some booze and your friends  
We'll do it over again, again  
And everyone is fucking

I got a 6-pack of beer and I ran out of fucks to give, so come and fuck with me now  
You wanna party with the rageaholics  
You better not let me down  
I got a race car I drive faster than fuck  
You have a bitch with big tits so here's a dick she can suck

Turn the fuck up!

This is the dirty dirty, where the fun never ends  
So bring some booze and your friends

We'll do it over again, again  
Hell yeah

This is the dirty dirty, where the fun never ends  
So bring some booze and your friends  
We'll do it over again, again

I wanna see some tits  
Just fuckin' pull 'em out  
Tits tits tits tits  
I wanna see some  
Tits tits tits tits tits
