

# Guilty Pleasure

Attila

All these motherfuckers wanna be like me  
I'm having a grand ole fucking time so come and get you a piece  
You wanna try me motherfucker yeah-well nothings for free  
You gotta pay the fucking price determinations the fee  
Yeah all these newcomers try to copy my shit  
I'm telling 'em fuck it fuck it suck it you're just not that legit  
You cannot hang motherfucker so just stick to your niche  
You'll never do it like I do cause you're a boohoo ass bitch

I'm going crazy, and circumstance is to blame, between these sleepless nights,  
working all goddamn day AW SHIT  
Success has come with a price so when you're contemplating fame you should take my advice  
LISTEN- You've gotta be yourself, you've got to break the mold, personalities are valuable  
Every single day and every single night, jealous people will try to bring you down

Balls to the wall if you're a real OG  
Hold it down go hard always stay bitch-free  
Never let a motherfucker try to get in the way  
And if they ever try to stop you slap 'em in the face

All these motherfuckers wanna be like me  
I'm having a grand ole fucking time so come and get you a piece  
You wanna try me motherfucker yeah-well nothings for free  
You gotta pay the fucking price determinations the fee  
Yeah all these newcomers try to copy my shit  
I'm telling 'em fuck it fuck it suck it you're just not that legit  
You cannot hang motherfucker so just stick to your niche  
You'll never do it like I do cause you're a boohoo ass bitch

So mentally violent, this is a game you cannot win you couldn't handle all the shit I see and hear  
So fucking go  
Fucking assholes and undeserving cunts  
Riding on a cloud of luck until that luck runs out  
FUCK

LET ME SEE YOU PUT IT DOWN  
Hard work and dedication that's what makes an OG  
Get the fuck outta the game if you thought this shit was free  
I got your bitch in front of me and she be sucking this D  
I give her an extra point she calls me lord referee  
Banging down south but I can't guarantee  
That I'll meet you in my city, but I'll hit you with the weed  
Racks in the back seat, hoes on their knees  
Saying I'm their guilty pleasure but their boyfriend hates me

All these motherfuckers wanna be like me  
I'm having a grand ole fucking time so come and get you a piece  
You wanna try me motherfucker yeah-well nothings for free  
You gotta pay the fucking price determinations the fee  
Yeah all these newcomers try to copy my shit  
I'm telling 'em fuck it fuck it suck it you're just not that legit  
You cannot hang motherfucker so just stick to your niche  
You'll never do it like I do cause you're a boohoo ass bitch
