Yeahhhhhh  
Here we motherfucking go  
fuck that. We raise hell  
I'll tear your soul apart. fuck pigs. we raise hell  
Lawless among the pack, we never listen, we live our lives above the law  
WE'RE FUCKING VILLAINS!  
Fuck everything you say I'm here to smash shit straight from the depths of hell  
if you can't hang then fucking quit  
We Raise Hell  
Always disorderly (rebels with no defeat)  
fuck with our team if you dare  
fuck all authority (rep the minority)  
I've had enough of your shit to last me a lifetime  
I stay out of line  
I can't be put down this time  
try me if you dare  
I don't even fucking care  
fuck that. we raise hell  
I'll tear your soul apart. fuck pigs. we raise hell  
I'm a badass and you're a fucking bitch  
Rock & Roll was invented for the wicked  
leave your bibles at home under the bed  
We're the villains and we came to raise hell  
listen to the fucking words I said
