

Hellraiser

Attila

Yeahhhhhh

Here we motherfucking go

fuck that. We raise hell

I'll tear your soul apart. fuck pigs. we raise hell

Lawless among the pack, we never listen, we live our lives above the law

WE'RE FUCKING VILLAINS!

Fuck everything you say I'm here to smash shit straight from the depths of hell

if you can't hang then fucking quit

We Raise Hell

Always disorderly (rebels with no defeat)

fuck with our team if you dare

fuck all authority (rep the minority)

I've had enough of your shit to last me a lifetime

I stay out of line

I can't be put down this time

try me if you dare

I don't even fucking care

fuck that. we raise hell

I'll tear your soul apart. fuck pigs. we raise hell

I'm a badass and you're a fucking bitch

Rock & Roll was invented for the wicked

leave your bibles at home under the bed

We're the villains and we came to raise hell

listen to the fucking words I said
