

# King

Attila

You want to be the king  
You want to live free  
This is your wake up call  
Get it together, let's go

Why do I have to scream  
I said this a million times before  
Why would you put your life on hold  
You have a dream  
A dream to take shit over domination  
Let me hear you say it  
You want to be the fucking king  
This shit will not come easy  
If you want it you will fight for it  
If you want it you'll fight for it

Take a chance and don't think twice  
Life's a gamble, roll the dice  
Grab the wheel and don't look back  
Every day could be your last

Get your shit straight

I am your god, listen to me  
When I tell you jump, jump with me, get off your feet  
I've been through it, take it from me  
When I tell you jump, jump with me, get off your feet

Take a chance and don't think twice  
Life's a gamble, roll the dice  
Grab the wheel and don't look back  
Every day could be your last

Take a chance and don't think twice  
Life's a gamble, roll the dice  
Grab the wheel and don't look back  
Every day could be your last

Take a chance and don't think twice  
Life's a gamble, roll the dice

You want to be the king  
This will not come easy  
You have to fight for it  
You'll put your life on hold

Take a chance and don't think twice  
Life's a gamble, roll the dice  
Grab the wheel and don't look back  
Every day could be your last
