Oh joy, I can see you Oh joy, I can see you It's all I want It's all I want
Oh joy, I can see you Oh joy, I can see you It's all I want It's all I want
Oh joy, I can see you Oh joy, I can see you Oh joy, I can see you It's all I want It's all I want It's all I want

When there's no one else to blame And there's nothing left to say Seeing changes everything We can realize anything
