

## Take Me As I Am

Au Revoir Simone

Do you know when you were already born  
Do you know this is the way it would be  
Do you know when you were already born  
You were already you and i already me

So take me as i am  
Take me as i am

I know  
It's easier said than done  
But we've talked a million hours  
To end up just where we begun  
In this time we're passing  
With these distractions  
We could be having fun

So take me as I am  
Take me as I am  
Forget your plans

Do you know when you were already born  
Do you know this is the way it would be  
Do you know when you were already born  
You were already you and I already me

So take me as I am  
Take me as I am  
Forget your plans
