

Counting the days to get away  
to pack your bags up on a plane  
But see Bob run yeah! See Bob play  
why not talk to Bob today

If you wanna save the lost  
you don't have to travel South  
You don't have to pay the cost  
just run your mouth

School is the place to be  
when you're young and fancy free  
'Cause you got what? Mmm half a day  
to give your life away  
In Uncle Sam's soul salvation program  
government funded paid in full  
A.K.A. your public school  
They pay to put you in the classes  
it's your chance to reach the masses

R: This ain't no trip to a foreign land  
this ain't no trip to a foreign land  
but you can take a stand  
in your Public school

This may Mexico, Columbia or France  
you want to go to Africa well now you got a chance  
Talk to your friends before the fun ends  
you can take 'em by surprise when you open their eyes
