

I Climb the Mountain

Audio Adrenaline

Why try and keep you a secret
why be blinded by the night
There are 7 billion people but it's a lonely world
Why wouldn't I let you see the light

Why would I hide you in the shadows,
When this flame is dying for a hill
Say what they want about the straight and narrow
But it's the bends and curves that kill

Cause it only takes a spark to set the heart on fire
I climb the mountain and I'll hold the light until
We are a city on a hill, city on a hill
We'll walk together and we won't let go until
We are a city on a hill, city on a hill

Why am I so scared of conversations, am I so sure I'll turn you
off
Maybe if you knew the whole story, you'd understand it all

Cause Truth has a way of breaking through
