

# I'm Alive

## Audio Adrenaline

Sometimes I wake up feeling like I did way back in L.A.  
But since I'm from Kentucky that feeling must have been a mistake

But the sun is bright and the skies are so blue  
It must be something bigger that makes me feel like I do  
So if you come to the show then I want you to know

I'm alive  
The moment I let go  
Brought passion to my soul  
I'm alive  
My heart's been rearranged  
And never be the same  
I'm alive

Have you ever longed to take a walk on top of a cloud  
If this feeling was a chemical I don't think it would be allowed

So if you come to the show  
Or hear it on the radio  
We'll rock you we'll rock you  
And I want you to know

I'm alive  
The moment I let go  
Brought passion to my soul  
I'm alive  
My hearts been rearranged  
And never be the same  
I'm alive
