

# Miracle

Audio Adrenaline

I am free  
For the first time  
Left my fears behind  
In front of me is open sky

I'm taller than trees  
I can see further than before  
Everything's different now  
Now that You've ruined my life

R: You took my dreams  
And stole my schemes  
And turned my life upside-down  
You took my heart  
Stole every part  
And made it a miracle

Now I can sing, sing a new song  
My burden's gone  
You gave me all the words and melodies

And now I can be at Your feet  
Your place for me  
Everything's beautiful  
Now that You've ruined my life

R:

And I'm wide awake  
And tonight I'm saved  
In Your arms I'm singin' of  
How You made me a miracle

I'm taller than trees  
I can see further than before  
Everything's different now

R: (2x)
