

Some Kind Of Zombie

Audio Adrenaline

I must have been confused or vain
to let this evil in my brain.
Lord did I enjoy the change
that you made inside my heart?
Oh here they come
I'm not afraid
there's no temptation I can't evade.
Stand up straight
look through the haze
I begin to walk through the maze
here they come
they're all up on me
but I'm dead to sin like
some kind of zombie.
I hear you speak and I obey
some kind of zombie
I walked away from the grave
some kind of zombie
I will never be afraid
some kind of zombie
I gave my life away.
I'm obliged and obey
I'm enslaved to what you say.
