

Dragging Me Down

Audio Bullys

No one's dragging me down
Don't drag me down
No one's dragging me down,
dragging me down,
dragging me down,
dragging me down

Devil or an angel
Higher than the Eiffel
Got me in a trifle
Shot me with a rifle
Saint or a sinner
Proper money spinner
Colder than the winter
Making me shiver
It's like roses
Perfect poses
Swarming like locusts
Tryin' to stay focused
Perfect strangers
Two low wagers
Got me sayin' prayers
Call the town mayor
Stranger than strange ways
We're living in strange days
They say that crime don't pay
And I did it my way
