

# Made Like That

Audio Bullys

stop, your not made like that  
stop ask yourself where you made like that  
and when you stop and ask who's the kings of the cats  
stop and ask yourself am i made like that

to every day there's a new dawn  
to every king there's a few pawns  
every rose there's a sharp thorn  
grabbing attention like a loud horn

we're coming for it all you've been warned  
i understand it all now better than before  
i've had a little piece and now i want it all  
and no ain't a word that you'll here in this vocabulary

'Cause i have to be with my sanity  
it's the men that be  
all you want to be  
get away from me

'Cause it pays to be  
stubborn blatantly  
come impatiently  
you cant patent me

'Cause I'm probably written  
and your not forgiven  
this is how I'm livin'  
every day and driven  
and I'm driving away from you

'Cause I've got nothing to say to you  
'Cause music is the thing I was made to do  
stop, your not made like that  
stop ask yourself where you made like that

and when you stop and ask who's the kings of the cats  
stop and ask yourself am i made like that  
you saying that we are, but we're not the same  
keep on telling em again and again  
keep on telling em again and again
