## What You Are

**Audioslave** 

And when you wanted me I came to you And when you wanted someone else I withdrew And when you asked for light I set myself on fire And if I go far away I know you'll find another slave

'Cause now I'm free from what you want Now I'm free from what you need Now I'm free from what you are

And when you wanted blood I cut my veins And when you wanted love I bled myself again Now that I've had my fill of you I'll give you up forever And here I go far away, I know you'll, you'll find another slav e

'Cause now I'm free from what you want Now I'm free from what you need Now I'm free from what you are

Then a vision came to me when you came along I gave you everything but then you wanted more

'Cause now I'm free from what you want Now I'm free from what you need Now I'm free from what you are

Now I'm free from what you want Now I'm free from what you need Now I'm free from what you are
