

# I Can't Breathe

Audiovent

You want to feel me  
Can't defeat me at your game  
You buy and sell me  
Separate me from my name

And I want you  
To once invert the wrong  
Cause I can't breathe  
And I want you  
To once admit I'm right

You come with something  
But it's nothing that I need  
You violate me  
Have to break me to breathe

And I want you  
To once invert the wrong  
Cause I can't breathe  
And I want you  
To once admit I'm right

You point your finger  
I'll play that game  
With you, with you  
I just can't beleive  
Things we say

And I want you  
To once invert the wrong  
Cause I can't breathe  
And I want you  
To once admit I'm right
