

Face To Face

Audiovision

Why can't you see?
See my inner needs?
I'm so hurt inside
Because of your ugly greed

I have to go this way
And I know the road is tough
But I have to go through for my future dreams
I want to be free from this evil spell

Face to Face
With my enemies
Face to Face
Looking in their eyes
Face to Face
Caught between two worlds

Face to Face
With my enemies
Face to Face
Looking in their eyes
Face to Face
Caught between two worlds

How can you be?
So evil to a boy like me?
One day you'll pay
The price of what you've done to me

I have to go this way
And I know the road is tough
But I have to go through for my future dreams
I want to be free from this evil spell

Face to Face
With my enemies
Face to Face
Looking in their eyes
Face to Face
Caught between two worlds
