

Show Me The Way

Audiovision

You are the virus
You poison my mind
You're working hard to holding me down
Once I was blind
But now I can see

You are the worm that crawls around my soul
Your illusion is driving me blind
Get away today
Your race is done

Into the fire I'm riding the storm
Lord give me strength

Show me the way
Back to the light
Teach me now
What is wrong and what's right
The voice of my heart
Calling on you
Calling you

You are the devil in perfect disguise
You are the dark side that makes me feel sad
Happy to say your race is done
