

# We Are Not Alone

Audiovision

Killers on the run  
The truth is far away  
Tell me: What have we done?  
So many out of hope  
Cry in the night  
Tell me: Where is the light?

Into the fire  
We'll never give up  
You show me desire  
You know your time's running out

We are not alone  
We're marching on  
With Holy Ghost's fire  
We are not alone  
We're marching on  
Deceiving the liar

Demons got a grip  
His kingdom here on earth  
Tell me: How can we win?  
We're killing mother earth  
Can't hold on no more  
How long will it last
