

You Are The Reason

Audiovision

Far too long
We're moving on
We fade away
What we have done

Far too long
We're moving on
We fade away
What we have done

You are the reason
My solid ground
If everything changes
You are my rock

Your promises I do believe
I'll walk your path
Until the end
I pray to you
Your Kingdom come
My armours on
I'll fight for you
