

Grindin'

August Alsina

[Hook:]

We come from forts and expeditions, slangin' pipas with ambition

Cause back in my younger days that's just how we make a living
That's how I was thought to grind learnt to hustle from my moms
That's that G s**t and the G simply stands for grind

[Verse]

(Grind', Grind', Grind', Grind', Grind')

Imma drop this s**t for the hell of it

Cause I'm outchea gridin' can't tell me s**t

People asking why you took so long, how you go so strong

Because it's timing in all this s**t, will a n***a tryinna

Let his past go keep be reminded of all his s**t

N****s don't go as hard as I do, I be Fighting for all that

I'll get, quisation why you hatin' on me, cause I'm probably grindin' his b***h

Everybody who was checkin' for a n***a and was reppin' for a n***a

I appreciate your prayers I respect you my n***a, a lot of these lames kept hatin' on a n***a

When I took a little fall you was steppin' on a n***a, if you keep it one then I salute yo my n***a

If I see you comin' for my I shoot you my n***a, but I'm grindin' like I got something to prove my n***a

Bet you couldn't walk a mile in my shoes my n***a, a lot of my n****s ain't here this year

I cry for all my n***a, love everybody in my squad I die for all them n****s

I give a f**k bout all these rumors, cause the truth will ever be in them, and they love to see when I'm losin'

So they hate to see when I'm winnin', that [?]house I made it, only 22 but I'm bout my business

If there's a million dollar club I'm in it, determined to get it so this s**t don't face me

Even though [?] I see no competition I refuse to be defeated

A lot of these n***a ain't breaking it off, I cash this check for my family and all

I just got out of my comma it showed me that when God is for me no weapon can hold me

That's why I go hard in [oew?] to my homies and I pay homage for n****s before me

[Fool?] came back and told me go hard like Ginobili and grindin' for all this s**t

Doctor tell me I'm exhausted and s**t, can't stop now am never gone quit

Not until I see my mama not quit mowing for nothing, and I see my brother just livin' for a livin'

And I see my squad spending money like it's nothing, that way I
'm grindin' everyday till to make a way because
