

Hell Yeah

August Alsina

[Intro]

Hell yeah... Hell yeah...

[Verse 1]

I'm over the lean, but I think I want some more
All my niggas spending, so bartender pour some more
Smokin' on that hit and quit, bitches gettin' naked
Don't they know I hit and quit?
What you tryna do?
You're looking like some trouble that I wanna get into
Your homegirl lookin' bad as fuck, so she can get it too
I ain't apologizing, I ain't sorry
Girl, for touching on your body 'cause I just came here to party

[Hook]

If you've been up in the spot, and you need another shot
Say Hell yeah... Hell yeah...
If the chick across the room drop it, drop it like it's hot
Say Hell yeah... Hell yeah...
If you party 'til the lights turn on
Hell yeah...
And the DJ's playing your song
Hell yeah...
If you ain't about to stop until somebody call the cops
Say Hell yeah...

[Verse 2]

I see bottles on the table, shorty on the molly
With a piercing in her navel, puffing like I'm Marley
So now everybody faded, waving at my haters
'Cause I see you mean mugging, now they got me saying:
□What you wanna do?□
□Instead of causing trouble, nigga, here's what you should do:
Go look around and find some hoes that you can get into□
'Cause I'm just out here tryna do the same
But I got the tooly on my just in case you want to bang

[Hook]

[Verse 3: Juelz Santana]

Check me out, check me out □ I'm on some conceited shit
Pocket full of dead presidents, but I ain't grieving, bitch
Married to the game, that's forever, I ain't leavin' it
I know your man don't put it down
'Cause you look like you need the dick
One time for them haters □ two times for them fakers
Three times for these bad bitches, we fuckin' all of them later
Hell yeah, gettin' money's my M.O.
But I don't pay for no pussy, so I hope you got that memo
I tell 'em □hold on and don't let go□
And I treat the pussy like a rental (swerve)
Then I beat the pussy instrumental
Let's go, let's go

[Outro]

If you party 'til the lights turn on
Hell yeah...

And the DJ's playing your song
Hell yeah...
If you ain't about to stop until somebody call the cops
Say Hell yeah...
Turn up...
Hell yeah...
