

[Verse 1:]

Baby take it in slow  
Don't rush you don't wanna choke  
I know you say that it's your first time  
But I wanna see how far this goes  
Let it fill you  
Hold it in, take it down  
I'm tryin take you to another level  
Baby till you feel it come down

[Bridge:]

Don't it feel so good  
Took it like a G, like I knew you would  
Ain't a limit we can go again  
I know you gon' wanna blow again  
So baby inhale  
Baby inhale

[Hook:]

There really ain't a limit  
To where you have to go  
So you can take it deeper  
Girl all you need to know  
Is how to inhale

[Verse 2:]

Go ahead and lick the swisher  
Don't be scared to let it hit you  
What's the flavor when you kiss it  
'Cause you say it's so delicious  
Now you take it to the head like a pro  
And you just go and get it till you feel it in your throat  
I'm a light it for you ball it when you put it on your looks  
Plus I love the way you hold it baby girl you got a grip

[Bridge:]

Don't it feel so good  
Took it like a G, like I knew you would  
In a minute we can go again  
I know you gon wanna blow again  
So baby inhale  
Baby inhale

[Hook:]

There really ain't a limit  
To where you have to go  
So you can take it deeper  
Girl all you need to know  
Is how to inhale
