

# Make It Home

August Alsina

(Verse)

I don't always do what I should  
But I do what I gotta do  
You've been at the bottom, you see the hunger inside of you  
Don't say what you won't do  
Cus it can all change  
When the going gets tough it'll drive you insane  
See I done dodged a couple shots  
Saved a couple blocks  
Hit a couple corners tryna shake a couple cracks  
A broke a couple rules  
Didn't graduate from school  
Cus I was busy hustling when I thought that shit was cool

(Pre-Hook)

See I gotta keep it real wit you baby  
Cus the shit I used to do is what made me  
And I'm hopin I ain't gotta go back to the trap  
Cus we really know that we don't want that

(Hook)

But if I don't make it home tonight  
Tell my mama that I love her  
Leave some flowers for my brother  
Girl I love ya  
But if I don't make it home tonight  
Take some money to my sister  
I don't ever want her chasin after niggas  
Cus where I'm from  
Niggas outchea dyin every day  
And they ain't not bad, they're just tryna make a way  
And I ain't no different  
So if I get missin  
These are my last wishes  
I hope you getting by  
Girl if I don't make it home tonight

(Verse)

I know it's harsh  
But this is how I feel, girl it's comin from the heart  
I hope it doesn't end the way it had to start  
Cus it started out bad but I made it this far  
But everyone here tired to see me make it  
Or they only wanna see me win so they can take it  
Cus I know it's hard to find a job  
So niggas kill and rob  
There's a chance that I won't make it here tomorrow  
Being honest

(Pre-Hook)

Cus I gotta keep it real wit you baby  
Cus the shit I used to do is what made me  
And I'm hopin I ain't gotta go back to the trap  
Cus we really know that we don't want that

(Hook)

But if I don't make it home tonight

Tell my mama that I love her  
Leave some flowers for my brother  
Girl I love ya  
But if I don't make it home tonight  
Take some money to my sister  
I don't ever want her chasin after niggas  
Cus where I'm from  
Niggas outchea dyin every day  
And they ain't not bad, they're just tryna make a way  
And I ain't no different  
So if I get missin  
These are my last wishes  
I hope you getting by  
Girl if I don't make it home tonight

(Verse: Jeezy)

Would you miss me? Would you miss me?  
Would you walk up to my casket? Would you kiss me?  
My life is schizophrenic, I'm just tryna stay sane  
Pour a cup full, hope it take away the pain  
I said you know I I I I  
Came from the projects, nigga  
Don't care if it kill me, I die, I'll stay in the projects  
You know I'm fresh as a motherfucker, in case that I die tonight  
Got a lot on my mind, you know that I'm high tonight  
I left that black Hublot at home  
So really I don't got the time  
My nigga got by a quarter, heard that he dropped the dime  
Failure's no option nigga, you out of yo fuckin mind  
Mixin my life and my freedom fool,  
So ain't none of you stopping my

(Hook x2)

But if I don't make it home tonight  
Tell my mama that I love her  
Leave some flowers for my brother  
Girl I love ya  
But if I don't make it home tonight  
Take some money to my sister  
I don't ever want her chasin after niggas  
Cus where I'm from  
Niggas outchea dyin every day  
And they ain't not bad, they're just tryna make a way  
And I ain't no different  
So if I get missin  
These are my last wishes  
I hope you getting by  
Girl if I don't make it home tonight
