

Right There

August Alsina

(Chorus)

I hope you feel me cause I can't cope the pain
(There ain't a difference here tonight)
I was right here, homie, I was right here
I remember, I was right there
Homie, I was right here
I remember, I was right there
Gettin' money, right there, right there

(Verse)

I remember nights there, when I had to go to sleep
In the back of the quick, ain't easy
Sellin' on a pillow fight, lookin' high, while niggas tryna seve
en wide
Had a chick in te BO, was down for a nigga that's real
Used to have fam in the projects, that's why I never forget

(Chorus)

I'm just like you
I hope you feel me cause I can't cope the pain
(There ain't a difference here tonight)
I was right here, homie, I was right here
I remember, I was right there
Homie, I was right here
I remember, I was right there
Gettin' money, right there, right there
