

# Found My Place

Augustana

Watch my back  
No one will  
Waterfall fire kills  
And all my life  
All my life  
I've been waiting  
To find my place  
I found my place  
Found my place  
Found my place

Sink or swim  
Take me in  
Hold my hand  
Running through the sand

All this time  
All this time  
I've finally found my place  
Found my place  
Found my place  
Found my place  
I found my place  
Found my place  
Found my place  
Found my place

And all this time  
All this time  
I have been waiting  
To find my place  
I found my place  
Found my place  
Found my place  
I found my place  
I found my place  
I found my place  
I found my place
