

Meet You There

Augustana

Climb up on a mountain, just to watch it come down
But sooner or later babe, you're gonna need me around
'Cause you're getting older, there ain't no stopping that
It's a backstabbing world honey, just lean your head back

The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night
And meet you there someday

Six in the morning, never felt so sweet
Just put on Lucinda baby, and dance with me
I know I'm hard to count on
Forget half what I'm told
You probably only know my voice from
A goddam microphone

It's a waste
A teenage taste of me
But if Daddy cries
Just say goodnight
And I'll come
If I could change
I'd keep away the rain
And the sun would shine every night
And I'll come meet you there someday...

Meet you there someday
Meet you there someday
Meet you there someday
