

Wrong Side Of Love

Augustana

I'm hanging on, I'm hurting
I'm backing down, you're starting over
You and I, we've had enough.
The wrong side of love

Even if my heart was burning
Wouldn't stop the world from turning over
I've had a lot, I've had enough
The wrong side of...

Keep running baby don't look back
Keep running down a one way track
You'll be the one to break my heart in two
I'll be the one to take the hit for you

If I had a chance I'd take it
If I had a heart I'd break it open
You and I we've had enough
The wrong side of...

Keep running baby don't look back
Keep running down a one way track
You'll be the one to break my heart in two
I'll be the one to take the hit for you

You can't walk away from what your heart knows
And I'm holding on til you let me go
You let me go

And all the dreams I had they lost along the way
And all the words you said that you never meant to say
Well no one else is gonna love you like I do
Come a little closer honey I can't live without you
No one else is gonna love you like I do
No one else, no one else

Can't walk away from what your heart knows
Can't trade today for tomorrow
Yeah I'm holding on til you let me go.
