

# Lulla Goodbye

Aura Dione

You were always a star to me  
But I was your bitter fault  
You wrote so many songs about me  
And I memorise them all  
And you played piano  
And we thanked you with  
I wrote the lyrics  
Now I cant be unplay it in my head

Let me sing you a lullaby  
Let me sing aou a lullaby  
Let me sing you a lullaby  
Let me sind you a lullaby

You were always a star to me  
And this is my story looking at the sky  
I hope you're shinig down you on me  
As I sing you my lullaby  
Sometimes you hate me  
I guess mostly you just dont care  
If I'm lucky you'd almost like me  
But you always bite your lips in this

Let me sing you a lullaby  
Let me sing you a lullaby  
Cos to me you always closed your eyes  
Let me sing you a lullaby  
Closed eyes hide open  
Closed eyes hide open  
To me you alawys closed your eyes  
Let me sing you a lullaby  
Lulla goodbye  
Lulla goodbye  
Lulla goodbye
