

What It's Like

Aura Dione

I wanna know what it's like
To live in London, move to Paris
Learn what love is
But only if you come with me
I wanna know what it's like
To struggle in New York, tiny apartment barely for two
But only if you go with me

So won't you go with me?
Won't you go with me?
Won't you go with me?
'Cause you'll never know until you try
And I wanna know what it's like
I wanna know what it's like

And if we leave here tonight
We'll fly to L.A., we're both be waiters till we're famous
But even if we don't make it
I still wanna know what it's like
To travel the world you and me and the bag packs
With nothing till we get back
Except for memories and faces
And pictures that we'll laugh at

So won't you go with me?
Won't you go with me?
Won't you go with me?
'Cause you'll never know until you try
And I wanna know what it's like
I wanna know what it's like

No plans we'll make it up as we go
You know that's how we do it, we make it up as we go
Explore each other, one way or another

So won't you go with me?
Won't you go with me?
Won't you go with me?
'Cause you'll never know until you try
And I wanna know what it's like
I wanna know what it's like

Cause you never ever know, never ever know
You never ever know, never ever know
You never ever know until you try
I wanna know what it's like, mmmm, yeah yeah
And I wanna know what it's like
And there's a thousand children laughing in my eyes
So don't be scared, just come, come with me
You just gotta go with it and jump into your life
I can think of six impossible things before breakfast
we should do
