

## Where The Wild Roses Grow

Aura Dione

Like I'm hurting, like I'm bleeding  
I am covering up inside  
I am losing what I believe in  
I am ready to start a fight  
I know how you played it  
You gambled with my faith  
Like I'm hunted and I am speeding  
All I got to protect my life

There's a secret city in my mind  
Where I like to go  
There's a sacred place inside of me  
That nobody knows  
All these dreams are born to free myself  
I just wanna go to the place  
Where the wild roses grow

No more hurting, yes I'm leaving  
All I want is to stop this crime  
I am losing what I believe in  
I am ready to leave tonight  
I am lonely, I feel broken  
You're the thief that stole my life  
I know I am stronger  
All I got to let go tonight

There's a secret city in my mind  
Where I like to go  
There's a sacred place inside of me  
That nobody knows  
All these dreams are born to free myself  
I just wanna go to the place  
Where the wild roses grow

Where the wild roses grow

Wild roses grow

There's a secret city in my mind  
Where I like to go  
There's a sacred place inside of me  
That nobody knows  
All these dreams are born to free myself  
I just wanna go to the place  
Where the wild roses grow
