

# Merciless

Aura Noir

Troops are thrashing onwards  
To rape all holy land  
Seek victims as the sun descends  
Damnation is at hand

The sound of killing  
Threatens the weak  
Slashed wrists greet us  
Blasphemous fiends

Merciless  
Merciless

We don't oppose evil  
We are  
We don't oppose evil  
We are merciless

[Incomprehensible]  
Merciless

Graced submissive rectified force  
Raining daggers open death's doors

We don't oppose evil  
We are  
We don't oppose evil  
We are [Incomprehensible]
