

Unleash The Demon

Aura Noir

Clear cold autumn sky
One knife attracts my sight
It wears a layer of lust
I must confess... it reeks of Death(!)

Unleash the demon!!!
Come satisfy my needs...
Release the semen!!!
he virgin corpse needs to feed!!!

Steel penetrates her hole
(just to please her... for she is cold)
"To ride and scream so loud... should be an honour
...you should be proud!!!"

It's not a vengeance thing
Pure pleasure is what we bring
Give us (my knife and I) Jesus Fucking Christ!!!
