

# Say you're just a friend

Austin Mahone

Hey hey baby, you've been on my mind  
I knew you for a long time  
But I've been thinkin maybe that you should know

Hey hey baby can we compromise?  
I really want you to be mine  
I got a million places that we could go

I wanna be your everything  
I wanna be the one you need  
So tell me where you been all my life  
gonna make you mine tonight

Hey baby you, you've got what I need  
But you say you're just a friend,  
Yeah you say you're just a friend

Hey baby you, you've got what I need  
But you say you're just a friend,  
Yeah you say you're just a friend

Hey hey baby we been on the phone  
Spending time together alone  
But everytime we talk no words  
come out right

Hey hey baby when I look in your eyes  
I can tell you're holding something inside  
I'll be thinking bout you-u-u  
I'll be thinking bout me-e-e

I wanna be your everything  
I wanna be the one you need  
So tell me where you been all my life  
gonna make you mine tonight

Hey baby you, you've got what I need  
But you say you're just a friend,  
Yeah you say you're just a friend

Hey baby you, you've got what I need  
But you say you're just a friend,  
Yeah you say you're just a friend

In carol city spent most of my nights  
Trying make the girls whistle  
It's the of a hell of a life  
tynna make them get low  
Bring it back right round  
Let the good times roll  
Feeling good right now  
But I remember Bismarckie  
1989 and maybe 90  
Cant do me like the song I wrote  
cuttin class chasin you cause you all i want  
Like you, you got what I need  
And if not, I'll just pretend

Until I can get your friend  
I playin though  
but Maybe that's a little truth sprinkiln in em  
We be catching eyes I can see them twinkle in them  
Thought we'd be together till I seen the wrinkle in them  
But I guess not.

Hey baby you, you've got what I need  
But you say you're just a friend,  
yeah you say you're just a friend

Hey baby you, you've got what I need  
But you say you're just a friend,  
yeah you say you're just a friend

Hey baby you, you've got what I need  
But you say you're just a friend,  
yeah you say you're just a friend

Hey baby you, you've got what I need  
But you say you're just a friend,  
yeah you say you're just a friend
