

Believe Me

Austra

Mother,
Everything you did before you hit the ground I found
Believe me, you need me more
All I've been

Mother,
Everything you did before you hit the ground I found
Believe me, believe me, I'm mad

Hunter, please sir
Don't expect the world when you've got me
Believe me, believe me, I'm mad

Hunter, please hurt her
Hunter, please hurt her
Believe me, believe me, I'm mad
Believe me, believe me, I'm mad

Hunter, please sir
Don't expect the world when you've got me
Hold on, it's my island
It's my island, it's my name
Hold on, it's my island
It's my island, it's my name
