

It's Not A Tumor

Austrian Death Machine

You did not understand
Let me rephrase the question
Your comments are killing me
Why won't you stop talking
Now from all this noise
From all this noise
I have a headache
You think it might be..
Might be a tumor
It's not a tumor
It's not a tumor

Stop talking
Stop talking
I does not matter
Who my daddy is
I was asking you the question
So just listen... listen...listen...
Listen to me!
It's not a tumor
It's not a tumor
It's not a tumor

Yeow!

My daddy is not a fireman
He is probably big
But he's not a wrestler, yeow
He is definitely not a basketball coach
But all these question give me a headache
Now
It's not a tumor
It's not a tumor
