

You've got the strength
You've got the drive to steer it all
You've got the vision
You've got the mind set above and beyond
But can you take it?
Can you depend on yourself when the time comes?
You cannot fake it
It's the truth of the matter that calls you

It's that struggle
On and on bring the fire to the front lines
Listen to the sound of the battle cries
It's that struggle
Into the fire turn it up and kick the flame bright
Watch it all go this is your life
There's only one more day to go

You've got the patience
You've got the words at the tip of your tongue
You're in the belly of the beast
That of which you have slowly become
But can you take it?
Can you depend on yourself when the time comes?
Cuz you cannot fake it
It's the truth of the matter that calls you

It's that struggle
On and on bring the fire to the front lines
Listen up now this is your life
It's that struggle
Into the fire turn it up and kick the flame bright
Watch it all go before your eyes
There's only one more day to go

You've got the strength
You've got the drive yes you're steering it all
You've got the vision
Got the mind set yes above and beyond
But can you take it and depend on yourself when the time comes?
You cannot fake it
It's the truth of the matter that calls you
Tongue tied at the tip of your tongue
You're in the belly of the beast
That of which you have become
But can you take it?
Can you depend on yourself when the time comes?
Cuz you cannot fake it
It's the truth of the matter that calls you-

It's that struggle that makes it worth it in the end
It's that struggle that takes you over again and again.
