

The Remedy

Authority Zero

Hey!

Ha! Ha! Ha! Ha! Ha! Ha!

Heh-Huh ha-ha ha!

Ha! Ha! Ha! Ha! Ha! Ha!

Well I've been dancing up a fever, breaking Sweet all night long
Keeping in my current state of thinking, ya that doesn't seem wrong
P-p-p power trips and egos, shit so hard to resist
This system's fully operational and fully equipped
You see

We are living, it's an evolution
We are singing, searchin' for solution
We are hearing, songs of revolution
We're swimming right upstream

Well how are we to know?
When things have gone too far?
But I think it's safe to say

The world's gone crazy (I think I got the remedy!)
I swear the world's gone crazy (I think I got the remedy!)
I swear the world's gone crazy (I think I got the remedy!)
And ya I think I got the remedy that's breaking out in song

Hey!

Ha! Ha! Ha! Ha! Ha! Ha!

Heh-Huh ha-ha ha!

Ha! Ha! Ha! Ha!

Well ya the radio's been playing, come on turn that shit up
Starting feeding from the television, can't get enough
Catatonic stairs and vision prays that prison song up
All my love, all my love, all my love

We are living, it's an evolution
We are singing, searchin' for solution
We are hearing, songs of revolution
We're swimming right upstream

But how are we to know?
When things have gone too far?
But I think it's safe to say

The world's gone crazy (I think I got the remedy!)
I swear the world's gone crazy (I think I got the remedy!)
I swear the world's gone crazy (I think I got the remedy!)
And ya I think I got the remedy, and now come on music!

Tick tick tick, those lines are going to explode
Yo there's a riot burning down a city nobody knows
That'll take no way way-way catatonic confusion
Brain malfunction adheres to delusion

We are living, it's an evolution
We are singing, searchin' for solution
We are hearing, songs of revolution

We're swimming right upstream

But how are we to know?
When things have gone too far?
I think it's safe to say

The world's gone crazy (I think I got the remedy!)
I swear the world's gone crazy! (I think I got the remedy!)
I swear the world's gone crazy! (I think I got the remedy!)
I swear the world's gone crazy! (What now!?)

So let's go crazy! (We don't got the remedy!)
Let's all go crazy! (We don't got the remedy!)
Let's all go crazy! (We don't got the remedy!)
Ya I think I got the remedy that's breaking out in song.
