

# She Never Looked That Good For Me

Autograph

Whoa I was so secure, i didn't see it comin'  
She was half way out the door  
Before i started runnin'

They say that love is blind  
I didn't see the signs  
All the things i didn't do  
Made her give her love to you

She never looked that good for me  
There's a new smile i've never seen  
You must have set her spirit free  
Cause she never looked that good for me

Well it's on her face, everything she needed  
She finally found her place  
It's like she's been completed

I think of all the nights  
I should have held her tight  
All the things i didn't say  
Made her give her love away

She never looked that good for me  
There's a new smile i've never seen  
You must have set her spirit free  
'cause she never looked that good for me

She never looked that good (for me)  
She never looked that good (for me)  
She never looked that good (she never looked that good)

I used to fantasize  
Undress her with my eyes  
But even in my mind  
She never looked so fine

She never looked that good for me  
There's a new smile i've never seen  
You must have set her spirit free  
Cause she never looked that good for me

She never looked that good (for me)  
She never looked that good (for me)  
She never looked that good (she never looked that good)  
She never looked that good, ah
