She Never Looked That Good For Me

Autograph

Whoa I was so secure, i didn't see it comin' She was half way out the door Before i started runnin'

They say that love is blind I didn't see the signs All the things i didn't do Made her give her love to you

She never looked that good for me There's a new smile i've never seen You must have set her spirit free Cause she never looked that good for me

Well it's on her face, everything she needed She finally found her place It's like she's been completed

I think of all the nights I should have held her tight All the things i didn't say Made her give her love away

She never looked that good for me There's a new smile i've never seen You must have set her spirit free `cause she never looked that good for me

She never looked that good (for me) She never looked that good (for me) She never looked that good (she never looked that good)

I used to fantasize Undress her with my eyes But even in my mind She never looked so fine

She never looked that good for me There's a new smile i've never seen You must have set her spirit free Cause she never looked that good for me

She never looked that good (for me) She never looked that good (for me) She never looked that good (she never looked that good) She never looked that good, ah
