

Turn Up The Radio

Autograph

Ooh yeah
Turn it up
Come on

I'm working hard, you're working too
We do it every day
For every minute I have to work
I need a minute of play

Day in, day out, all week long
Things go better with rock
The only time I turn it down
Is when I'm sleepin' it off

Turn up the radio
I need the music, gimme some more
Turn up the radio
I need to feel it gatta gimme some
more

Now listen
I wanna shake, I wanna dance
So count it of one, two, three
I hear the beat, I'm in a trance
No better place to be

Daytime, nighttime, anytime
Things go better with rock
I'm goin' twenty four hours a day
I can't seem to stop

Turn up the radio
I need the music, gimme some more
Turn up the radio
I need to feel it gotta gemme some
More

turn up the radio
I need the music, gimme some more
Turn up the tape machine
I wanna feel it and you know what I
mean, yeah

Turn up the radio
I need the music, gimme some more
Turn up the tape machine
I wanna feel it and you know what I
mean

Turn up the radio
I need the music, gimme some more
Turn up the tape machine
I wanna feel it and you know what I
mean

Turn up the radio
Turn up the radio

Turn that thing on
